## SELECT SHIPPING QUOTES

Note: The default shipping rates do not reflect current rates; be sure to check prices with UPS, USPS and FedEx before calculating your shipping rates.

SET SHIPPING RATES

Repeat steps 1-3 until all shipping methods have been adjusted to your liking.

CREATE A CUSTOM SHIPPING QUOTE

ADD CONDITIONS

You may need to add conditions to a shipping method for various reasons, such as - offering a particular shipping method only when a specific type of item is ordered or offering discounted shipping. These next steps guide you through doing so.

Shipping Method for a Specific Product Class

Select the *condition* to add
