

The Night Circus

A Novel, by Erin Morgenstern

(Doubleday, 9780385534635, \$26.95)

"This elegant debut is a striking example of a nostalgic yet modern fairy tale. When two competing magicians lay a wager as to which can mold the more powerful protégé, they opt to use a fantastical traveling wonderland—the Night Circus—as the venue for the competition. What is meant to be a battle of magical skills evolves into something much deeper as apprentices Celia and Marcus enchant not only the circus around them, but also each other. The real

conflict arises when the two realize how the competition is meant to end and they set about trying to change their predestined fate. I adored diving into Morgenstern's mesmerizing world and mourned when I reached the end."

—Whitney Spotts, Schuler Books & Music, Lansing, MI
