

Circling the Sun

A Novel, by Paula McLain

(Ballantine Books, 9780345534187, \$28)

"Reading *Circling the Sun* reminded me of the deep pleasure of solid storytelling: the vast landscape of colonial Kenya, complicated and compelling historical characters, love, suffering, and adventure combine to create a captivating narrative. McLain imagines the African childhood and early adulthood of real-life horse trainer and pioneering female aviator, Beryl Markham, as well as her social milieu which included Denys Finch Hatton and Karen Blixen, who, as Isak Dinesen, wrote *Out of Africa*. Markham lived a fascinating and uncompromising life filled with danger, ill-fated romance, and stunning bravery, and McLain does justice to her memory with this sensitive and beautifully written portrayal."
