

The Secret Wisdom of the Earth A Novel, by Christopher Scotton

(Grand Central Publishing, 978145551927, \$26)

"Struggling to recover from the trauma of his baby brother's tragic death, Kevin and his broken mother relocate to Medger, Kentucky, for the summer. Their return to the Appalachian coal town in which their family is deeply rooted is intended to heal them both. While Kevin's grandfather is just the person and the wild hollows surrounding their little town

just the place to help him mend, Kevin finds that Medger and its citizens are in need of healing as well. Poverty, a mountaintop removal operation, and desperation are tearing their town and the land around it apart. Scotton's finely wrought characters, perfectly paced plot, and keen sense of place make *The Secret Wisdom of the Earth* resonate with the reader long after the book has been finished."
