

## THIS MONTH'S #1

### The Rise and Fall of D.O.D.O.: A Novel

By Neal Stephenson and Nicole Galland

(William Morrow, 9780062409164, \$35)

"For someone who approaches such serious scientific and technological subjects, Neal Stephenson can be outrageously funny. Combine that with Nicole Galland's storytelling ability and you have a rollicking roller coaster of a novel. The authors mix together magic, witchcraft,

time travel, science, and historical figures, both real and imagined, while delightfully skewering bumbling bureaucrats, pretentious academics, a rigid military, and other bastions of the establishment to produce a work that is both thought-provoking and totally entertaining."

—Bill Cusumano, Square Books, Oxford, MS
