

## THIS MONTH'S #1

### The End We Start From

By Megan Hunter

(Grove Press, 9780802126894, \$22)

"As the floodwaters rise on London, a first-time mother takes her newborn son and flees for higher ground, seeking a safe haven from the environmental collapse and the chaos that will follow it. Luminous and spare, heartbreaking yet hopeful, *The End We Start From* is a lyrical rumination on environment, normalcy in the midst of crisis, new motherhood, unavoidable endings, and tentative beginnings. A slim and stunning debut whose echoes will be thunderous."

—Rebecca Speas, One More Page Books, Arlington, VA
